**30,000 REGIONAL QUEENSLANDERS OUT OF WORK WHILE BARNABY AND TURNBULL
FIGHT**

There are 30,000 people in regional Queensland worried about how they will put food on the table tonight.

While Turnbull and Joyce are in the middle of a public war, they're not doing the job of creating jobs for North and Central Queenslanders.

Private school boy sniping isn't helping Queenslanders get back to work, pay their power bills and put petrol in the car.

It's time for this divided and out of touch Liberal National government to go.
